

Greetings,

We are proud to implement the Safe at Home program in Iowa. Effective **January 1, 2016**, this address confidentiality program protects survivors of domestic violence, sexual assault, trafficking, stalking, and violent crimes.

Safe at Home enables participants to become active members in their society by keeping their home address off of public records. It allows participants to enroll their children in schools, obtain a driver's license, and register to vote while still maintaining their confidentiality. All Iowans deserve the right to live their lives as involved citizens without fear.

I hope that Iowans will work together to help survivors rebuild their lives and preserve their safety.

Every Iowan deserves to be safe at home.

WHAT is Safe at Home?

Safe at Home (SAH) is an address confidentiality program. This program helps survivors improve their lives with the following services:

Substitute Address

SAH will assign participants a substitute address. This address can be used with any city, county, and state offices, as well as with private organizations that require a mailing address. Your physical address will not appear in public records.

Mail Forwarding Service

First-class, legal, and certified mail, as well as packages of prescriptions, will be securely handled and forwarded to the participant's confidential address.

Confidential Voter Registration

Participants can register to vote and not be listed on the public voter registration list.
